Introduction

In the process of building the PEFC BFCS, three PEFC National Governance Bodies (NGB's) were participating and accepted the PEFC Balkan Forest Certification System. The PEFC BFCS is facilitating the efforts of new countries willing to join the Balkan FC System and to support the PEFC global efforts for sustainable forest management.

In principle, Certification Bodies carrying out forest management certification shall be accredited by the AB that is a member of the International Accreditation Forum (IAF) and/or European co-operation for Accreditation (EA) that is signatory of the Multilateral Recognition Arrangement (MLA) for Quality Management Systems certification of the International Accreditation Forum (IAF).

In the countries participating in the PEFC BFCS and where national AB have not yet developed accreditation procedures, any AB that is a member of the International Accreditation Forum (IAF) and/or European co-operation for Accreditation (EA) that is signatory of the Multilateral Recognition Arrangement (MLA) for Quality Management Systems certification of the International Accreditation Forum (IAF) is eligible to operate forest management certification.
